

Generation Joy

Generation Joy foundation is dedicated to engaging local students and community members in providing educational resources, funding and basic needs for children in South Africa, regardless of age, gender, religion, ethnicity or income.

Generation Joy Foundation ensures a continuing and mutually beneficial relationship between students by connecting the diverse resources of GenJoy's community with the significant educational needs of the South African community.

Holiday Greetings from Generation Joy

A big thank you from all of us at Generation Joy

Seasons Greeting from all of us at Generation Joy. We want to wish you all the best and share a few pictures and reminders of the work you are supporting.

Where does your donation go?

In each issue we like to share pictures of your donations in action. Compare the photo of the bikes in the gym waiting to be shipped with this one. In America a bike is a toy, a means of meeting your friends in the park and enjoying leisure time. In South Africa a bike is a way to get to school and it gives back precious time to study and learn.

This is where they started

Boxes of school supplies and bikes in a gym in Issaquah, Washington ~ these are the goods that teach our students here that they can make a difference in the lives of children in South Africa.

The Giving Season

The end of the year is quickly approaching... Donate to Generation Joy by December 31st and deduct your contribution on this year's tax return. Generation Joy Foundation is a recognized 501(c)(3) nonprofit organization. As you consider participating in giving campaigns through your work or community, we encourage you to designate all or part of your gift to Generation Joy and promote the cause of "kids helping kids". Don't forget to maximize your giving by using your company's matching funds program. We thank you in advance for your generosity.

Looking for Board Members

Does this sound like you?

I have a commitment to the Generation Joy Cause of Kids helping Kids.

I will show up, do my job, and have passion around it.

I will advocate on behalf of Generation Joy in the community – directors must be prepared to promote the views of Generation Joy in order to secure funding, legislation and other support for the organization. This requires being an informed board member.

I understand the need of our board members to have access to and ability to drive others to be involved with Generation Joy – fundraising, volunteering, student involvement, etc.

I have the ability to get things done with general direction but self-managed.

I can work with the board ~ this is vital as we're still forming and rely on each other and others we may know outside the board.

The board of directors plays an active role in all Generation Joy Foundation events and projects. Are you ready and willing to commit your time and expertise to a non-profit that impacts local and international students? Volunteers with a passion for youth advocacy are encouraged to apply!
